MUSIC AT THE MANSION

Complimentary Season Kick-off Concert Saturday, February 11, 2023

Michael Hearne

Michael Hearne's destiny has been tangled in wire and wood since he first laid his hands on a guitar at the age of seven. With a natural ear for harmony and an aptitude for picking, by the age of sixteen, without a doubt in his mind, he hit the road as a touring musician.

Michael's career over the next few decades would take him across the southwest and beyond, calling the mountains of northern New Mexico home for many years. Hearne has penned songs for Jerry Jeff Walker and Gary P. Nunn and his New Mexico anthem, "New Mexico Rain," was recorded by Johnny Rodriguez and others.

The Georgia Parker Swing Band

Georgia's sound is of a quality and character that can only be acquired over many years of listening to country greats like Willie Nelson, Cindy Walker, and Bob Wills. She started her professional career as an upright bassist in 2013. In 2015, she switched to guitar and began performing western swing and classic country shows. Georgia has made appearances at legendary venues such as The Broken Spoke (Austin), The Blue Door (Oklahoma City), and The Western Swing Hall of Fame (San Marcos), and has played the Boulder Theater and E Town Hall (Boulder) with a number of Colorado artists.
